Willa May & Diamonds and Whiskey

<https://diamondsandwhiskeyband.com>

Jennifer Lauren, a shy kid from western North Carolina, grew up dreaming of fronting her own band, and though the path there took many unexpected difficult and sharp turns, that's exactly where she found herself. Over the past 7 years, she has soared to incredible heights with her band, Diamonds and Whiskey. Fans have witnessed her evolution and the emergence of Willa May, her unapologetic, unbridled, and slightly unhinged alter ego. Fans have fallen in love with her sass, humor, amazing talent, and most importantly, her huge heart.

Willa penned Diamonds and Whiskey's 2019 album Heartbreak Queen. Produced by award-winning Dale Penner(Nickelback), the album received rave reviews with Nashville Music Guide calling it "the best rocking country album of the year". "Hands Down" brought Willa her first award, as it was named 'Single of the Year' at the 2019 Carolina Country Music Awards. "Muddy Water" reached #1 on the Euro ACM chart, along with "Sugarstick", "Keep On Keepin' On", "Back Country Voodoo" and "Walk Hard".

April Moon

<https://aprilmoon.bandcamp.com>

Combining irresistibly charming, boot-stompin' tunes with intertwined twangy and jangly guitars, powerful vocal harmonies and a kick drum made from an old suitcase, Jaime April and Jason Moon make up the UK-based duo APRIL MOON. Known for their high-energy live shows and fun, well crafted songwriting, they make a formidable duo. Growing up on the prairies beside the North Saskatchewan River in Canada, embracing the open road became a

necessity to travel between venues and the pair haven't put down roots since, splitting their time between several countries a year and living out of a cool campervan they call 'The Clubhouse'.
