We welcome the Roving Crows

<https://www.rovingcrows.com>

Roving Crows are an Irish Folk Rock band who deliver the goods with unbounded amounts of riotous energy and banter. The Crows started their journey when a guitarist from Kildare and a fiddle player from Cheltenham, via Donegal, met at a festival in 2007. The music flowed and they've not stopped since, with 4 albums under their belt and several national and international awards, this, now 4 piece, are an awe-inspiring force on stage - unstoppable and passionate.

This Irish group seamlessly marry humour, provocative lyrics, traditional Irish tunes and rock to entertain and bring the listener on a ride that they won't want to get off! They make a hell of a noise for 4 people!
