Mark Harrison

<https://markharrisonrootsmusic.com>

Constantly touring and multi-awards-nominated, Mark Harrison has a reputation for being unlike anyone else out there. Mark writes songs about things most people live and think about but don't hear songs about, and songs that tell stories they haven't heard before. Proper songs, with catchy melodies and memorable lyrics that you can hear.

With his outstanding tunes, wry observations, striking rhythms and stunning guitar playing, he is widely considered one of the most original and interesting artists around. His highly individual music takes him and his brilliant band to top venues and festivals, attracting acclaim and rave reviews wherever they go.

Hannah Judson

<https://hannahjudson.com/>

Elegant, whip-smart, and brave, Hannah Judson fuses Americana, folk-rock, and wisps of jazz to construct narratives that hover between real and surreal. Her performances create suspended spaces where lyrics of universal truths are distilled into crystalline gemstones—reminiscent of experimental artist Laurie Anderson and songwriter Norah Jones.

An American/French singer-songwriter, Hannah tours internationally and performs lyrically potent indie folk-rock songs using electric guitar, live looping, and percussive vocals. Her intimate, modern folk sound has been compared to Aimee Mann, Lucinda Williams, and Natalie Merchant. Noted as “the real deal” by the UK’s Maverick Magazine and “with a style that channels Elliott Smith” by Indie Country FM radio, she has appeared regularly in Paris, across Europe, and in the US.
